

Behavioural Support Rounds

July 16th 2:00 – 3:00 PM EST

Topic:

Navigating Complex Transitions: Intersystem Collaboration in Practice

Presented by:

Sara Gies BSW, MSW, RSW, Behaviour Support Specialist, University Health Network

Alisa Senka, RPN, BSc., Behaviour Support Specialist, University Health Network

Learning objectives:

1. Summarize the evolution of behaviour support delivery in health care settings across the TCLHIN
2. Understand the continuum of complex transition planning
3. Describe creative problem solving through intersectoral and interdisciplinary collaboration

How to participate:

- ***You must register in advance for this meeting.*** After registering, you will receive a confirmation email containing information about how to join. [Click here to register](#)
- *If you have any Zoom questions, please contact [Agnes Cheng Tsallis](#)*
- *To be included on the distribution list for these rounds, please contact [Stacey Guy](#)*

Baycrest Behavioural Support Rounds are open to all health professionals and students and provide a learning forum to review leading practices in the assessment and supportive management of challenging responsive behaviours in individuals living with dementia. The purpose is to offer practical approaches to support the work of front-line healthcare providers in caring for persons with responsive behaviours.

Accessible through Zoom, these rounds are co-sponsored by the Baycrest Toronto Central – LHIN Behaviour Support for Seniors Program and the Ontario Centres for Learning, Research and Innovation in Long-Term Care at Baycrest.

Your feedback is valued! Please submit your anonymous evaluation [here](#)
