

Behavioural Support Rounds

November 19, 2020 2:00 – 3:00 PM EST *Line opens 10 minutes before

Topic:

New approach to understand specific MEANING of Behavioural Expressions in Neurocognitive Disorders (NCD)

Presented by:

Dr. Sunny Luthra, MD MSC (Pharmacology) FRCPC

Learning objectives:

1. Learning about LuBAIR Paradigm—a new behavioural classification system
2. Understand the 'PURPOSE' for each behavioural category
3. Understand the 'MEANING' of each behavioural category

How to participate:

- **You must register in advance for this meeting.** After registering, you will receive a confirmation email containing information about how to join.
[Click here to register](#)
- If you have any Zoom questions, please contact [Agnes Cheng Tsallis](#)
- To be included on the distribution list for these rounds, please contact [Salma Shaikh](#)

These Rounds are open to all health professionals and students and provide a learning forum to review leading practices in the assessment and supportive management of challenging responsive behaviours in individuals living with dementia. The purpose is to offer practical approaches to support the work of front-line healthcare providers in caring for persons with responsive behaviours.

Accessible through Zoom, these Rounds are co-sponsored by the Baycrest Toronto Central – LHIN Behaviour Support for Seniors Program and the Ontario Centres for Learning, Research and Innovation in Long-Term Care at Baycrest.

Your feedback is valued! Please submit your anonymous evaluation [here](#)
