

Behavioural Support Rounds - Workshop

April 23, 2021 9:00 AM – 3:00 PM EDT *Line opens 10 minutes before

Topic:

A New Approach to Understanding the Meaning of Behaviours in End Stage Dementia Care Beyond Gentle Persuasive Approaches and P.I.E.C.E.S.

Presented by:

Dr. Sunny Luthra, MD MSC (Pharmacology) FRCPC

Learning objectives:

LuBAIR™ Paradigm will provide you with the following:

1. Better understanding of 'meaning' of Behaviors in advanced neurocognitive disorders (NCD).
2. Better assistance in 'Behavioral Care Planning' in advanced NCD.

How to participate:

- **You must register in advance for this meeting.** After registering, you will receive a confirmation email containing information about how to join. [Click here to register](#)
- If you have any Zoom questions, please contact [Agnes Cheng Tsallis](#)
- To be included on the distribution list for these rounds, please contact [Salma Shaikh](#)

These Rounds are open to all health professionals and students and provide a learning forum to review leading practices in the assessment and supportive management of challenging responsive behaviours in individuals living with dementia. The purpose is to offer practical approaches to support the work of front-line healthcare providers in caring for persons with responsive behaviours.

Accessible through Zoom, these Rounds are co-sponsored by the Baycrest Toronto Central – LHIN Behaviour Support for Seniors Program and the Ontario Centres for Learning, Research and Innovation in Long-Term Care at Baycrest.

Your feedback is valued! Please submit your anonymous evaluation [here](#)
