

Behavioural Support Rounds

June 17, 2021 2:00 – 3:00 PM EDT *Moved to GoTo Webinar

Topic:

New Connections: Perspectives on Telemental Health Services in Long-Term Care

Presented by:

Song Yang (Simon) Yu FRCPC, MD and Aviva Rostas, MD FRCPC

Learning objectives:

1. Describe current guidelines pertaining to telemental health and their limitations with respect to the long-term care setting.
2. Identify major themes regarding the challenges and strengths of telemental health services for long-term care residents.
3. Discuss ways to improve the quality of telemental health services in long-term care.

How to participate:

- [Click here to register](#)
- You must register in advance for this meeting. After registering, you will receive information about how to join.
- If you have any GoToWebinar questions, please refer to their [support page](#), or contact [Agnes Cheng Tsallis](#)
- To be included on the distribution list for these rounds, please contact [Stacey Guy](#)

How to obtain a certificate of attendance

- Complete the evaluation survey and enter in an email address to send the certificate to. The evaluation survey will be sent via email following Rounds.

These sessions are open to all healthcare professionals and students to provide a learning forum to review leading practices in assessing and managing challenging responsive behaviours, as demonstrated by individuals who live with dementia.

These Rounds are co-sponsored by the Baycrest Toronto Central – LHIN Behaviour Support for Seniors Program, and the Ontario Centres for Learning, Research and Innovation in Long-Term Care at Baycrest.
