

# Behavioural Support Rounds

**March 24 2022 2:00 – 3:00 PM EDT**

---

## **Title:**

Baycrest Behavioural Assessment System

## **Presenters:**

Yael Goldberg, PhD, CPsych - Baycrest Health Sciences

## **Learning Objectives:**

1. Identify the need for a vehicle to deliver continuous, reliable data that enables clinicians to make optimal treatment decisions
2. Provide an overview of the Baycrest Behavioural Assessment System (BBAS) and its unique value to the behaviour management community
3. Provide an update on the clinical validation of the BBAS and future directions

## **How to participate:**

- [Click here to register](#). You must register in advance for this meeting. After registering, you will receive information about joining the webinar.
- If you have any Zoom Webinar questions, please contact [Agnes Cheng Tsallis](#)
- To be included on the distribution list for these rounds, please contact [Ontario CLRI at Baycrest](#)

## **How to obtain a certificate of attendance**

- Complete the evaluation survey and enter in an email address to send the certificate to.
- The survey will be emailed to attendees following the Rounds.

These sessions are open to all healthcare professionals and students to provide a learning forum to review leading practices in assessing and managing personal expressions, as demonstrated by individuals who live with dementia.

These Rounds are co-sponsored by the Behavioural Support for Seniors Program, and the Ontario Centres for Learning, Research and Innovation in Long-Term Care at Baycrest.
