

Behavioural Support Rounds

May 26 2022 2:00 – 3:00 PM EDT

Title:

Integrating Community Care: How the RCM Program and CBSOT can provide collaborative care to support high-risk BPSD within the Community

Presenters:

Simonne Cumberbatch – Baycrest Health Sciences
Danielle Kilby-Lechman - Toronto Grace Health Centre

Learning Objectives:

1. How the use of technology can support safety, promote independence, and keep seniors living with dementia within their homes and communities
2. How prioritizing integrative collaborative practice can result in rapid wrap around community care and diminish health and safety risks for our seniors
3. How RCM and CBSOT partnerships can prevent re-admission to ED and enhance appropriate flow of care between the community and acute care

How to participate:

- [Click here to register](#). You must register in advance for this meeting. After registering, you will receive information about joining the webinar.
- If you have any Zoom Webinar questions, please contact [Agnes Cheng Tsallis](#)
- To be included on the distribution list for these rounds, please contact [Ontario CLRI at Baycrest](#)

How to obtain a certificate of attendance

- Complete the evaluation survey and enter in an email address to send the certificate to.
- The survey will be emailed to attendees following the Rounds.

These sessions are open to all healthcare professionals and students to provide a learning forum to review leading practices in assessing and managing personal expressions, as demonstrated by individuals who live with dementia.

These Rounds are co-sponsored by the Behavioural Support for Seniors Program, and the Ontario Centres for Learning, Research and Innovation in Long-Term Care at Baycrest.
