

BEHAVIOURAL SUPPORT ROUNDS

Thursday, May 16th, 2024 | 2–3 PM EDT

PRESENTATION TITLE:

Behaviour After Brain Injury: What's Function Got to Do With It?

PRESENTERS:

Nathalie (pronunciation: Na-ta-lee) Brown is a Registered Psychotherapist with the College of Registered Psychotherapists of Ontario, Board Certified Behaviour Analyst with the Behaviour Analyst Certification Board. She has been working the field of Acquired Brain Injury for many years, in addition to having worked in the fields of Autism, Developmental Disabilities and Dual Diagnosis.

Michelle Hildebrandt works at West Park Healthcare Centre as a Behaviour Therapist and is a BCBA. Her past experience includes delivering Behaviour-analytic services to individuals with ASD, teaching ABA-related courses at the post-secondary level and a BA in Gerontology.

LEARNING OBJECTIVES:

By the end of the presentation, participants will be able to:

- Function of Behaviours
- Recognize how an Acquired Brain Injury may make it more difficult to get needs met
- Common strategies used in Rehabilitation that can assist in developing Replacement Behaviours

HOW TO PARTICIPATE:

- **Register in advance [here](#).** After registering, you will receive information about joining the webinar
- If you have any questions about these rounds or wish to be included on the distribution list, please contact Bianca Figueira at BFigueira@baycrest.org
