

## **BEHAVIOURAL SUPPORT ROUNDS**

Thursday, Oct 24th, 2024 | 2-3 PM EDT

#### **PRESENTATION TITLE:**

Enhancing care for Neuropsychiatric Symptoms of Dementia using a standardized measurement-based approach.

### PRESENTER:

**Sanjeev Kumar MD, FRCPC,** Staff Psychiatrist and Medical Head of Geriatric Clinical Research, Centre for Addiction and Mental Health.

Clinician Scientist, Campbell Family Mental Health Research Institute.

Associate Professor of Psychiatry, University of Toronto.

Dr. Sanjeev Kumar is a geriatric psychiatrist. His research focuses on developing novel biomarkers and treatment interventions for patients with Alzheimer's disease (AD) using brain stimulation, electroencephalography (EEG) and brain imaging. He also studies the role of novel pharmacological and behavioral interventions to manage neuropsychiatric symptoms of dementia.

## **LEARNING OBJECTIVES:**

By the end of the presentation, participants will be able to:

- To discuss current status of management of neuropsychiatric symptoms (NPS) related to dementia
- To discuss algorithmic and measurement-based approach to management of NPS in dementia
- To discuss technology-based enhancement of care for NPS

# **HOW TO PARTICIPATE:**

- Register in advance here. After registering, you will receive information about joining the webinar
- If you have any questions about these rounds or wish to be included on the distribution list, please contact Bianca Figueira at <a href="mailto:BFigueira@baycrest.org">BFigueira@baycrest.org</a>
- If you have Zoom Webinar questions, please contact Agnes Cheng Tsallis at achengtsallis@baycrest.org

### **HOW TO OBTAIN A CERTIFICATE OF ATTENDANCE:**

After having attended, complete the evaluation survey and enter an email address to request your certificate.

These sessions are open to all healthcare professionals and students to provide a learning forum to review leading practices in assessing and managing personal expressions, as demonstrated by individuals who live with dementia.

These Rounds are co-sponsored by the Behavioural Support for Seniors Program, and the Ontario Centres for Learning, Research and Innovation in Long-Term Care at Baycrest
